- d) Demonstrar ironicamente as ideias de Garfield em relação à sua dieta.
- e) Demonstrar ironicamente o comportamento de Jon.

Leia o texto e responda:

Dungeons & Dragons is an American animated television series based on TSR's Dungeons & Dragons role-playing game. A co-production of Marvel Productions and TSR, the show originally ran from 1983 through 1985 for three seasons on CBS for a total of twenty-seven episodes. The Japanese company Toei Animation did the animation for this series.

The show focused on a group of six friends who are transported into the titular realm and followed their adventures as they tried to find a way home with the help of their guide 'Dungeon Master'. A final un-produced episode would have served as a conclusion as well as a re-imagining had the series been picked up for a fourth season. However, the show was cancelled before the episode was made. The script can be found from various sources online and was performed as an audio drama as a special feature for the BCI Eclipse DVD edition of the series.

The show focuses on a group of friends aged between 8 and 15 who are sucked into the "realm of Dungeons & Dragons" by taking a magical dark ride on an amusement park roller coaster. Upon arriving in the realm they meet Dungeon Master (named for the referee in the role-playing game) who gives each child a magical item.

The children's main goal is to find a way home, but they often take detours to help people or find that their fates are intertwined with that of others. The group come across many different

enemies, but their primary antagonist is Venger. Venger is a powerful wizard who wishes to rule the realm and believes the power from the children's weapons will help him to do so. Another recurring villain is Tiamat, who is a five-headed dragon and the only creature that Venger fears.

Throughout the show, a connection is suggested between Dungeon Master and Venger. The final unproduced episode "Requiem" would have confirmed that Venger is the Dungeon Master's corrupted son (making Karena Venger's sister and Dungeon Master's daughter), redeemed Venger (giving those trapped in this realm their freedom), and ended on a cliffhanger where the six children could finally return home or deal with evil that still existed in the realm.

3. Do que se trata o texto? (0,5 point)

4. Quais são os personagens mencionados no texto acima? (0,5 point)
